IN REPLY REFER TO  
LA-2B: mcp  
April 2, 2013

MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CY13 PROJECTED REDUCTIONS IN FORCE AT NAVY ACTIVITIES

Encl: (1) List of CY2013 Anticipated Downsizing in the  
Department of the Navy

1. Appreciating your interest in the current plans, programs, and policies of the Department of the Navy, please be advised that the Navy is planning to conduct a number of civilian personnel reductions in force (RIF) at various locations worldwide during calendar year 2013 (CY13). Like other services and organizations within the Department of Defense, the Navy adjusts its civilian workforce to complement its force structure.
2. The Department of the Navy accomplishes civilian force structure adjustments under the Department of Defense's separation incentive programs. Under these programs, eligible employees who choose to voluntarily leave government service receive cash incentives. If the necessary reduction levels have not been reached after the maximum use of separation incentive programs, the Navy would then be required to conduct involuntary reductions to meet appropriate civilian manning levels.
3. Enclosure (1) is a list of Navy activities at which authority to RIF has been requested for CY13. The list projects the maximum potential downsizing at several hundred Navy and Marine Corps facilities worldwide, and does not reflect the number of personnel who will actually be separated. Of these 4,057 positions, the maximum projected number of involuntary reductions is 2,172 positions. However, with incentive programs, aggressive outplacement efforts within the Department of Defense Priority Placement Program, job fairs, and referrals to private companies and other Federal and State agencies the number of employees actually involuntarily separated each year has historically been a small fraction of the potential reductions. In each of the last three calendar years, the actual number of employees involuntarily separated has been less than 3 percent of the potential involuntary separations. For CY12, 55 employees out of the projected 3,215 employees subject to RIF, or 1.7 percent, were involuntarily separated.

ALL redactions throughout this document are based on 5 U.S.C. § 552 (b)(6), since release of this information would constitute a clearly unwarranted invasion of the individual's personal privacy - Names and phone numbers have been removed.

Subj: CY13 PROJECTED REDUCTIONS IN FORCE (RIF) AT NAVY ACTIVITIES

4. Every effort will be made to assist in the out-placement of all affected personnel. Should you have further questions regarding this matter, the Office of Legislative Affairs point of contact is

(b) (6)(b) (6)(b) (6)(b) (6)

Sincerely,

M. E. Davis  
Captain, U.S. Navy  
Deputy Chief of Legislative  
Affairs

MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

SUBJ: CONTRACT AWARDED FOR ENVIRONMENTAL REMEDIATION SERVICES  
FOR PROJECTS

1. Tetra Tech EC, Inc., Virginia Beach, Virginia is being awarded a maximum amount of \$100,000,000 for an indefinite-delivery/indefinite-quantity, cost-plus-award-fee contract for environmental remediation services for projects at various locations within the Naval Facilities Engineering Command (NAVFAC) Atlantic area of responsibility (AOR). No task orders are being issued at this time. Work will be performed primarily within the NAVFAC Atlantic AOR which includes North Carolina; Virginia; Maryland; Connecticut; Maine; Massachusetts; Washington, D.C.; Africa; Pennsylvania; West Virginia and Vieques, Puerto Rico. Although principle geographical areas are identified for the contract, the contractor may be required to perform work at any Navy or Marine Corps activity in the AOR covered by NAVFAC Atlantic. Work may also be added and performed anywhere outside of NAVFAC Atlantic's AOR, as required by the Government. The term of the contract is not to exceed 60 months with an expected completion date of March 2018. Contract funds in the amount of \$10,000 are obligated on this award and will expire at the end of the current fiscal year. This contract was competitively procured via the Navy Electronic Commerce Online website with three proposals received.

2. Naval Facilities Engineering Command, Atlantic, Norfolk, Virginia is the contracting activity (N62470-13-D-8007). Navy point of contact is (b) (6) Industry point of contact is (b) (6)(b) (6)
